

## ATEX: Experience PCM's Professional Guidance

### HOW WILL YOU BENEFIT FROM PCM'S ASSESSEMENT OF YOUR ATEX CONFORMITY?

- PCM will ensure your full compliance with EU Directive 99/92/CE, governing potentially explosive atmospheres
- Experience the expertise and guarantees provided by a premium Manufacturer
- A response specifically adapted for Group II industries in Category 2 and 3, Gas (G) or Dust (D) environments, for an ambient temperature ranging between 0°C and 40°C

### OUR EXTENSIVE SERVICE INCLUDES:

- Supplying the items required to convert equipment, with:
  - ATEX motorization and reduction gear
  - Leak-proofing adapted to the temperature category, the temperature of the pumped product as well as either its explosive or non-explosive nature
  - ATEX coupling with brass protective housing
  - Complementary ATEX accessories (SSS, pressure-sensitive switch, hose burst detector, etc.)
- Dismantling, checking of components and overhaul if required (cost estimate will be provided in advance)
- Reassembling equipment and mounting 2 ATEX identification plates
- Provision of the EC compliance declaration
- Our providing a one-year working order guarantee (excluding wearing parts)
